

## Session 2 – Malworms and Firewalls

<p>20- 30 minutes</p>	<p><b>Evaluation and learning tool</b></p> <p>Evaluates understanding topic, teams and leaning outcomes.</p> <p>A fun way to engage the learner and to focus the group on the outcomes in an informal “test”</p>	<p><b>Malworms and Firewalls</b></p> <p>In a group, in teams, or as individuals, following the rules of snakes and ladders board game, work your way around the board climbing the Firewalls and sliding down the Malworms. In a twist on the traditional rules, when landing on a yellow, red or green square, participants/teams are asked to answer a question or complete a task.</p> <p>If answered correctly players are rewarded with a LEGO brick to build a cyber-secure wall. If they answer incorrectly, the question is passed to the other player/team to answer or a brick is deducted, depending on the competitive nature of the group.</p>	<p>“Malworms and Firewalls” Board Game Downloads Board, Questions &amp; Tasks Game Rules</p> <p><a href="http://bit.ly/YLSsse">http://bit.ly/YLSsse</a></p> <ul style="list-style-type: none"> <li>• Printed board</li> <li>• Printed resources e.g. definitions cards</li> <li>• Questions for quiz</li> <li>• Counters or game characters – whatever you have to hand</li> <li>• Lego bricks to build firewall</li> </ul> <p>See : Game play rules</p> <p>Printer / Photocopier</p>
